

TABLETOP CONVEYOR SYSTEM

Available in 3.25", 4.5", 7.5" and 12"

Conveyor Solutions

MCE's tabletop conveyor systems are a versatile solution for efficiently moving products within various industrial settings while offering flexibility, durability and ease of maintenance. Their ability to handle various load sizes, navigate complex layouts, and meet hygiene standards makes them a flexible conveyor system across a range of industries. The modular design allows for easy modifications and adaptations to various layouts, curves, inclines, and declines, making them suitable for complex and confined spaces.

FEATURES

- Design flexibility, ease of layout
- Modular Construction
- Hygienic
- Seamless Integration
- Fixed or Variable Speed Options
- Easy Maintenance

INDUSTRY SEGMENTS

- Snack Food & Bakery
- Packaged Foods
- Contract Packaging
- Beverage
- Personal Care
- Pharmaceuticals
- Household Cleaning Products

APPLICATION TYPES

- Bottles
- Cans
- Cartons
- Cases
- Glass
- Pouches
- Pucks
- Trays
