

Change-over Technology

FROM THIS

TO THIS

Rapid-Rail® guide rail adjustment system provides rapid line changeover with consistent, accurate, and repeatable adjustment. Change up to 25 feet of straight adjustable rail, per side, at each adjustment location (50 feet total with no turns) from a single point adjustment location. Horizontal and vertical adjustment applications handle multiple container and package size ranges.

Exclusively for Nercon Conveyor

FEATURES

- Guide rails adjust in seconds
- Repeatable and consistent changeovers
- Top and bottom rails can be adjusted independently
- Adjusts manually or electronically
